

Checklist: Safety in the warehouse

- **Always follow the rules and instructions by the warehouse operator**
- **Make sure you wear safety shoes**
- **Wear a High Visibility jack/vest so people can notice you more quickly when moving through a warehouse**
- **Do not touch cargo of other parties in case you are located within a multi customer warehouse**
- **In case the warehouse is operating secured Aircargo, make sure you have passed the security screening by the local authorities**
- **Avoid and eliminate any potential safety hazards**
- **Only operate equipment where you have been trained and/or certified for**
- **Make yourself aware of the emergency exits**

This checklist is only meant as a guidance / tool. Any differences and or changes in a process can be applicable, so please make sure to check and verify. Vels B.V. is not responsible for any losses and/or damages due to misinterpretation, usage, changes and/or variables which might be applicable to any specific shipment.
